

Quality by design

Workshop facilitators
John Strowger and Jennie Lawson

After the beginning and before the end...

What is the role of the AVA?

What is the role of the provider?

What is the role of HE
Institutions?

Let's get started!

What is the aim?

No one is coming! Help is not on its way!

Who will lead the team? How will you recognise this person?

Who is the team? What do they bring? What will the leader expect of them?

Don't search for what you already have.

How will you search for what you don't have?

Always be alert to the things you
didn't know you didn't know!
