

Access to HE conference - *Building on success*

You are invited to attend QAA's Access to HE conference, ***Building on success***, on **Thursday 17 June 2010** at BMA House, Tavistock Square, London, WC1H 9JP. Contributing to Universities UK's 'Universities week', we shall be celebrating the success of the Access to HE recognition scheme over its 20 year history, and the success of adults whose lives have been changed as a result of the opportunities opened up to them by Access to HE and pursued through university. We shall also be launching the 10th anniversary edition of *Key Statistics*.

Our key note speakers are Anthony McClaran, Chief Executive, QAA, and Professor Sir Geoff Hampton, Deputy Vice-chancellor, University of Wolverhampton. Knighted in recognition of his contribution to education, Professor Sir Geoff is now responsible for developing the University's education partnership links and has oversight of the University's work in widening participation. We shall **also** be considering the potential impact of changes in HE for Access to HE and will be joined by Leslie Currie, Senior Project Officer, Supporting Professionalism in Admissions, who will lead a panel discussion with representatives from HE admissions staff.

To register, complete the attached booking form and return it to access@qaa.ac.uk. It can also be downloaded from our (www.accesstohe.ac.uk). We anticipate a high level of interest in this event so places will be allocated on a 'first come, first served' basis. To avoid disappointment please ensure that your form is returned by **Friday 21 May**. *Details of the venue and conference papers, including full programme, will be sent to you with your booking confirmation.*
